Balinese massage uses a variety of techniques including skin rolling, kneading and stroking, and pressure-point stimulation, combined with the aromas of essential oils.

It is a full-body, deep-tissue therapy.

Balinese massage is an ideal massage for those who want to take care of their entire body. It uses a combination of gentle stretches, acupressure, reflexology, and aromatherapy to stimulate the flow of blood, oxygen and “qi” (energy) around your body.

It is a perfect treatment to gain relaxation for body and mind and will bring you a sense of well being, calm and deep relaxation.
